01

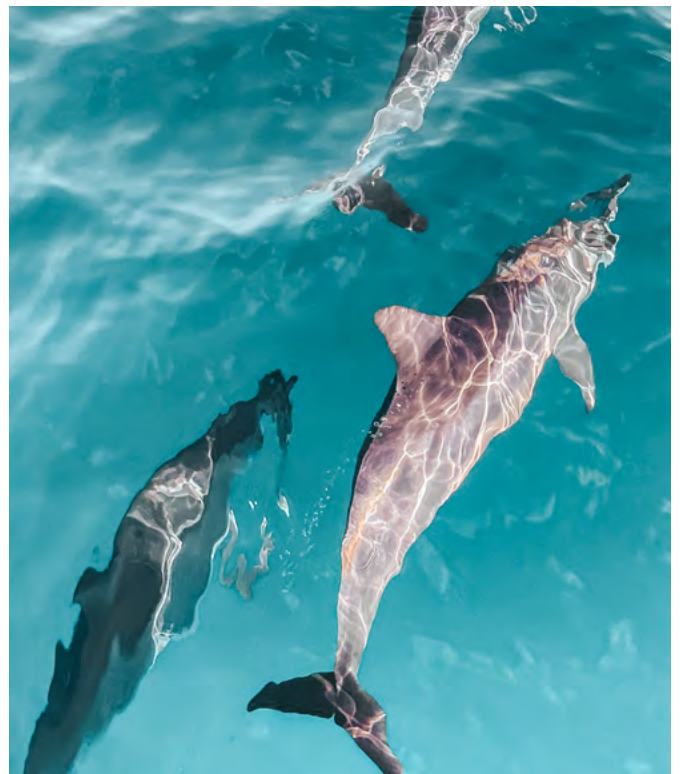

BigGame Adventure

Combining the best of our snorkelling and fishing experiences, this trip offers the chance to get up close to some of the Maldives' most impressive marine life. If you're new to fishing or snorkelling, our team will teach you the basics, and help you spot some of our more elusive underwater species.

02

Dolphin Safaris

Whether you choose to join us for sunrise at dawn or a breathtakingly beautiful sunset as we head out on this once-in-a-lifetime experience, a sighting of these elusive creatures is simply unforgettable. The Maldives is home to bottlenose, spinner and striped dolphins.

03

Whale Shark Trip

Today, there are very few places where whale sharks can be found. Fortunately for us, one of them is near the southernmost outer reef of our atoll. Take the plunge and enjoy a life-changing experience as we swim with the world's largest fish through a beautiful reef surrounded by coral and tropical marine life.

04

Sunset Fishing

End your day with a sunset trip to one of the best reef fishing spots in the Maldives and bring something home, just in time for dinner. Our crew will help you prepare your line, and anyone who brings back a catch can grill it on the barbecue.

Snorkelling Adventures

Embark on an exhilarating journey beneath the azure waves surrounding Villa Park. Our expert guides will lead you on morning and afternoon snorkelling excursions to explore the vibrant reefs, where you'll encounter majestic whale sharks, graceful manta rays, and friendly sea turtles. Immerse yourself in the mesmerizing underwater world and create memories for a lifetime.

Fishing Escapades

Join us for thrilling fishing trips as the sun rises over the South Ari Marine Protected Area. Choose from handline trolling or handline bottom fishing to experience traditional methods, or step up the excitement with big game fishing options like deep sea trolling, popping, and jigging. Connect with the ocean's bounty and reel in the catch of the day, all while surrounded by breathtaking beauty.
